PROFESSIONAL SUMMARY

Enthusiastic software engineering student excited to dive into the world of coding and innovation! I have a strong foundation in HTML, CSS, Java, Python, Visual Basic, and SQL obtained during my time as a student using platforms like BlueJ, Eclipse, MySQL, and PHPStorm. With strong communication skills, adaptability, and a team-oriented mindset gained from customer service roles, I am passionate about developing clean, efficient code and eager to learn and grow through a software engineering Placement/internship. Committed to building user-friendly solutions and contributing to innovative projects.
